

So...
you're thinking of making some
Libby Birds. What do you do?!

First, thank you for supporting
my [Libby Bird Project](#)~

1. Look at the [Directions](#) on the [Libby Bird Page](#) & decide which style you'd like to make: [Stuffed Libby Bird](#), [Stuffed Raw Edge Libby Bird](#), Felt Libby Bird, Scrappy Libby Bird (directions coming), a Fabric Postcard or do your own thing!
2. There are 2 Notes in your Starter Kit:
[Note 1](#): "This Libby Bird"
[Note 2](#): "Did you find me?"
These can be pinned to your finished Libby Bird or placed in a Ziploc Baggie with your finished Libby Bird.
3. You'll also see [Cardstock Tags](#) & Ribbon or Fabric Tags that say, "Do what makes your heart sing". You can pin or sew (even Cardstock Tags!) to your Bird. Or can skip this & just include the 2 Notes. If sewing, sew on fabric before sewing your bird together.
4. You can print more from the [Downloads](#) section on the [Libby Bird Page](#) at www.WinnerDesigns.com or call & ask for more.
5. Grab fabric scraps & stuffing & make some Libby Birds!
6. Add embellishments from the Kit if you like. I recommend using the twine to make a hanger to make it easy to hide your birds.
7. After you finish making your Bird, pin [Note 1](#) & [Note 2](#) to your bird.
8. Grab a Ziploc Baggie & place your Bird inside. You can add [Note 1](#) & [Note 2](#) in the baggie instead of pinning to your Bird, if you like.
9. If you have time, make some Libby Birds!
10. Check out my "What to Do with Your Libby Birds" List on my [website](#).
11. Before you hide them or give them away, take some pics & [share](#) on my [Libby Bird Page](#)!
12. If giving to someone you know, ask them to share a [Comment](#) on my website. Then invite them to make some Libby Birds, too!

I hope you'll feel the hope & joy that my mother shared.
It's such a little thing to do something unexpected for others.
You never know how it might be just what they (& you!) needed!

Do what makes you heart sing.

Linda
