

## How to USE Your Winner Designs Tortilla Warmer

Love tortillas, tacos, pitas and more?  
This Tortilla Warmer is a just the thing to keep them warm yet soft through your meal!

Here are a few things you need to know....

### Use this Tortilla Warmer safely & successfully by following these simple rules.

- Do not place warmer in microwave without food inside.
- Do not use in a microwave that does not rotate.
- Do not let tortilla warmer touch the sides of your microwave.
- Do not leave unattended while cooking.
- Do not use in your oven or toaster oven.
- Warmer made **without** plastic layer can be placed in the washer & dryer but air-drying works best.
- Do not use fabric softeners, dryer sheets, spray starch, chemicals.
- Optional: Add a little strap/handle to make it easier to remove from the microwave.

### Microwaving Tortilla Instructions:

1. Place tortillas in the warmer nice and flat. Do not overstuff.
2. Heat at 15-30 second intervals for no more than 2 minutes.
3. If microwaving longer than 2 minutes, flip the warmer over or give it a moment.
4. There will be lots of steam so use caution when carefully folding flap back.
5. Leave sitting on your table with the flap closed over the tortillas. When you get another, they will still be soft, moist and warm.
6. Warmer will be damp so leave it out where it can air dry. Wash as needed.

**Remember - common sense and a watchful eye make all of the difference!**

### Microwaving Bread or Similar Items:

1. When microwaving, these items will initially feel soft but quickly turn rock hard; do not overheat!
2. Place item in a paper towel then in the Tortilla Warmer.
3. Heat only for a short time (20—30 seconds) then remove the item to test that it's warm.
4. If heating a frozen item, follow suggested time on packaging but stop halfway to test.

### Other Items that can be Successfully Warmed in the Tortilla Warmer:

Baked Goods, Rolls, Croissants, Biscuits  
Frozen Foods like Pretzels, Pancakes, Chicken Biscuits, etc.
